

Protect your yield.

DISINFECT WITH CONFIDENCE.

At Virox® Technologies, we recognize the need for innovation. Powerful disinfectants are easy to formulate but are often toxic. We respond to this challenge with our unique, patented technology – Accelerated Hydrogen Peroxide® (AHP®).

POWERFUL AGAINST PATHOGENS, GENTLER FOR YOU AND THE PLANET

AHP® is a synergistic blend of commonly used, safe ingredients that when combined with low levels of hydrogen peroxide, produce exceptional potency as a germicide and performance as a cleaner. AHP® is unique as it achieves the ideal balance of safety and efficacy.

Health Canada registered disinfectants designed for use in cannabis facilities to ensure regulatory compliance.

Sustainable, responsible, and effective disinfectants manufactured in a LEED® Gold Certified facility

SHIELD[™]

Disinfectants for Cannabis Facilities

THE PILLARS OF AHP®

UNMATCHED EFFICACY

- Effectively kills pathogens of concern in short realistic contact times

APPLICATION SAFETY

- Eliminates pathogens* without the need for personal protection equipment (PPE) in-use

ENVIRONMENTAL INTEGRITY

- Biodegradable and the active ingredient, hydrogen peroxide, breaks down into oxygen and water

DEFINING NEW STANDARDS TO PROTECT YOUR CANNABIS FACILITY

Powered by AHP, SHYIELD™ is uniquely designed to prevent pathogens from attacking your cannabis facility.

AHP® technology has been validated in over 55 peer reviewed studies and continues to be recognized as a ground-breaking discovery in chemical disinfection. Enjoy the unrivalled benefits of AHP® technology with SHYIELD™.

* Please refer to the Product Label and Reference Sheet for a complete list of pathogenic organisms and efficacy claims.
